#### Title I - Targeted Assistance

The Commonwealth of Virginia is committed to providing a quality education for all students. The Virginia School Report Card provides transparent information about the performance of Virginia's schools. School accreditation and federal accountability ratings for a specific school year are based on student achievement on tests taken during the previous academic year.

### State Accreditation Results for All Students

This table summarizes the data used in calculating the state accreditation status of the school and is reported for the "all students" group.

## Assessment Results at each Proficiency Level by Subgroup

The Virginia Assessment Program includes Standards of Learning (SOL) tests and other statewide assessments in English, history/social science, mathematics, and science. The tables below provide information for the three most recent years on the achievement of students on these tests, including percentages of students who demonstrate proficiency and advanced proficiency. Annual accountability ratings are based on achievement during the previous academic year or combined achievement from the three most recent years. **Only student subgroups represented are listed.**

## Career and Technical Education

Secondary schools report the number of credentials earned by students for passing occupational competency assessments recognized by the National Occupational Competency Testing Institute (NOCTI), state licensure examinations, industry certification examinations, and workplace readiness skills assessments. Prior to 2010-2011, workplace readiness skills assessments were included in the Industry Certification category, but now are reported separately.
